

## UNIVERSITY INFORMATION

The University of Applied Sciences praxisHochschule is located in Cologne and in Rheine. It was founded in 2014. The guiding principle is to support and promote the development and future of the health and social system.

## UNIVERSITY HIGHLIGHTS

- Small study groups
- Dual, practice-oriented study courses
- Research as an important aspect of teaching
- Students are systematically involved in research activities
- Very close contact of the students to practice partners

## LIVING IN COLOGNE OR IN RHEINE

More than 2000 years' history and a population of more than one million, Cologne is the fourth largest city in Germany and the largest city of North Rhine-Westphalia. In addition, Cologne lies in the centre of Europe: The Netherlands, Belgium and Luxembourg are nearby.

On the contrary, Rheine is a small town in the north of Westphalia. It offers short distances and a familiar study atmosphere.
